Cookies

We and our trusted partners use cookies and other technologies in our related services, including when you visit our Site or access our services.

A "cookie" is a small piece of information that a website assigns to your device while you are viewing a website. Cookies are very helpful and can be used for various different purposes. These purposes include allowing you to navigate between pages efficiently, enabling automatic activation of certain features, remembering your preferences and making the interaction between you and our Services quicker and easier. Cookies are also used to help make sure that the advertisements you see are relevant to you and your interests and to compile statistical data on your use of our Services. The Site uses the following types of cookies:

- a. 'session cookies'**, which are stored only temporarily during a browsing session in order to allow normal use of the system and are deleted from your device when the browser is closed;
- b. 'persistent cookies'**, which are read only by the Site, saved on your computer for a fixed period and are not deleted when the browser is closed. Such cookies are used where we need to know who you are for repeat visits, for example to allow us to store your preferences for the next sign-in;
- c. 'third-party cookies'**, which are set by other online services who run content on the page you are viewing, for example by third-party analytics companies who monitor and analyse our web access.

Cookies do not contain any information that personally identifies you, but Personal Information that we store about you may be linked, by us, to the information stored in and obtained from cookies. You may remove the cookies by following the instructions of your device preferences; however, if you choose to disable cookies, some features of our Site may not operate properly and your online experience may be limited.

Use of script libraries (Google Web Fonts)

In order to present our contents correctly and make them graphically appealing across all browsers, we use script libraries and font libraries such as Google Web Fonts (<https://www.google.com/webfonts>) on this website. Google Web Fonts are transferred to your browser's cache to avoid multiple loading. If your browser does not support Google Web Fonts or does not allow access, content will be displayed in a default font.

1. Calling script libraries or font libraries automatically triggers a connection to the library operator. In theory, it is possible – but currently also unclear whether and, if so, for what purposes – that operators of corresponding libraries collect data.
2. The privacy policy of the library operator Google can be found here: <https://www.google.com/policies/privacy>
